

BARRELS

100% CENOLOGIQUE

*Synergie*

*Synergie*

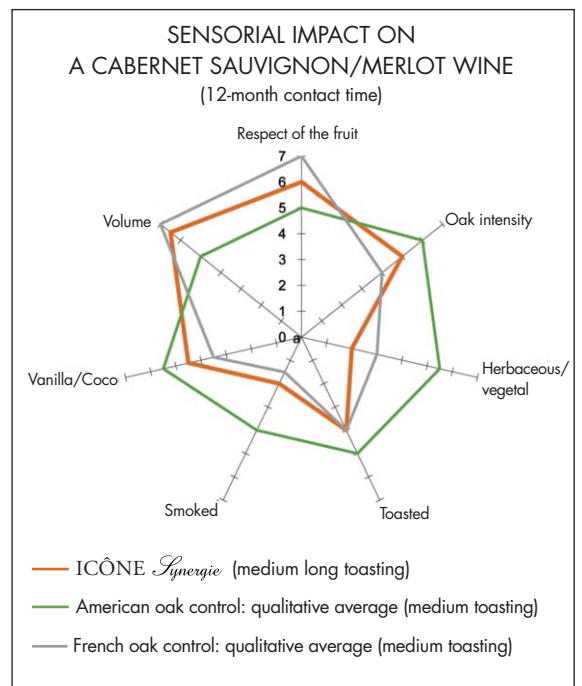

## WHICH WINES? WHICH OBJECTIVES?

*Synergie* is primarily intended for **concentrated red wines aged in oak barrel**, principally Cabernet Sauvignon, Cabernet Franc, Zinfandel, Tempranillo, Merlot, Malbec, Pinotage, Carménère and Shiraz.

The oak profile imparted by ICÔNE *Synergie* can be described as **fruity, balanced and round**:

- French oak **respects fruit freshness** and gives structure to the palate with **balanced tannins and some form of sweetness**
- American oak amplifies **aromatic sweetness and roundness on the palate**.

## IMPLEMENTATION

• The length of time wine remains in the barrel is up to the individual winemaker. ICÔNE *Synergie* has been tested and quantified for both malolactic fermentation in barrel and also later barrel aging.

• Potential duration of oak aging: **6 to 12 months**.

The oak profile is balanced with good structure after 6 months, but aging can continue for 12 months, depending on the wine's characteristics (grape variety, concentration) and the targeted œnological objective.

## DID YOU KNOW?

• The ICÔNE concept is **the one and only** process of its kind that is able to correlate the molecular composition of the barrel's oak with organoleptic result achieved in the wine at the end of aging, designed to **reach the sensorial objectives you aim for**.

• ICÔNE: An unprecedented project

- Twelve years of fundamental research
- Four years of global applied research in wineries with:
  - more than 10,000 analyses of oak wood
  - more than 3,000 barrels
  - more than 200 comparative tasting sessions carried out by a jury of experts
- An in-house laboratory
- Testing performed at more than 200 wineries worldwide.

## QUALITY & SAFETY

ICÔNE *Synergie* is subject to rigorous manufacturing conditions that aim to guarantee food safety and to meet current regulatory requirements.

Quality and food approval certificates are available on request: [icone@seguin-moreau.fr](mailto:icone@seguin-moreau.fr)
